	Website	www.osv.com.au
Length	6 Months	
Stipend	Approximately AU\$35,000 per full six-month fellowship period	
Institutions	• OrthoSport Victoria, Epworth Richmond, Melbourne, Australia • Epworth Richmond, Victoria Australia • Orthopaedic Department, Western Health, Melbourne, Australia • Epworth Eastern, Victoria Australia	
Educational goals and characteristics	This fellowship provides a comprehensive exposure to all disorders of the knee. The fellow will be exposed to all areas of knee surgery, including arthroscopy, ligament reconstruction, joint preservation osteotomy and arthroplasty (including robotic), as well as some trauma including major ligament disruptions and a range of paediatric knee conditions. In total, the fellow will attend four surgical sessions per week as a surgical assistant. At Western Health, the fellow will have the opportunity for primary operating each fortnight and will attend one outpatient clinic per fortnight. There is a strong focus on clinical research and there are research links with La Trobe University. The fellow will be expected to devote at least three sessions per week to research activities and contribute to at least one paper suitable for publication in a peer reviewed journal. Overall, this fellowship provides a world-class experience in all aspects of knee surgery with an excellent balance between clinical and research activities.	
Requirements/ criteria	Mandatory • Practicing certified specialist in orthopaedic surgery in country of residence (at time of commencement of fellowship); • Eligible for Limited Registration for Postgraduate Training or Supervised Practice with the Medical Board of Australia;	

	• New Zealand orthopaedic surgeons are eligible for General Registration in Australia provided their primary medical degree was undertaken in New Zealand; • Meets AHPRA English proficiency requirements; - Doctors from Canada, New Zealand, Republic of Ireland, South Africa, United Kingdom and USA may be exempt providing their secondary and tertiary education was conducted in English in institutions in a country where English is the native or first language of instruction. • Fellowship of the Royal Australasian College of Surgeons in orthopaedic surgery or an equivalent overseas qualification.
