Length	12 months	
Stipend	AU $60,000 per 12 months	
Institutions	• St Vincent's Private East Melbourne • St Vincent's Private Kew • Epworth Eastern Box Hill	
Educational goals and characteristics	The objective of the position is to provide orthopaedic research and the opportunity to gain experience with diseases of the knee and joint arthroplasty in the sports medicine environment. The opportunities presented by this Fellowship are fairly unique as the Park Clinic has a very large and concentrated case load in these areas. The position also provides the opportunity for extensive clinical research, leading to the preparation of scientific papers in the field of knee surgery and sports medicine. The long-term objective of the position is to encourage the Fellow to maintain an ongoing bond in research and presentation of scientific papers after they have completed their Fellowship.	
Requirements/ criteria	• AHPRA English Proficiency • Appropriate orthopaedic qualification	
How to Apply	Current, detailed CV, 2 references and cover letter to be sent to info@melbournekneecentre.com.au
